**Programme:**

10:00 Registration and Coffee/Tea and biscuits

10:25 Welcome and introduction

10:30 **"The librarian, the technology and the cloud..."** – Talk by Prof Darelle van Greunen

Tablets and e-books have all contributed to a worldwide fall in book sales. Now, they're changing the way libraries work. How do we create e-libraries using the cloud? This talk will focus on what cloud computing is and how it impacts on libraries.

11:30 Coffee / Tea and scones

**Prof Darelle** van Greunen is a Professor in the School of ICT at NMMU. Her background is multi-disciplinary ranging from languages to psychology to computer science. The focus of her research is using ICT as an enabler in solving real-life problems. She then also considers the role of the human in engaging with technology to ensure a positive user experience.

For catering purposes, RSVP by Monday 5 May 2014 (by 15:00) to Jean Thomas
